ECRUL

Login

- 1) First, you need to open a web browser to copy and paste the following URL: <http://localhost:8081>

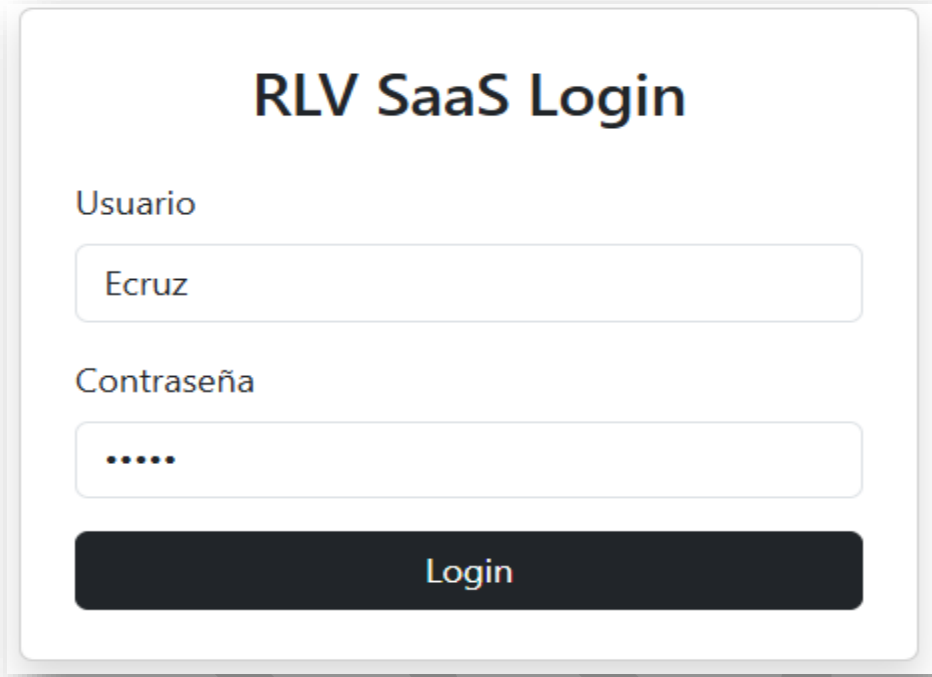

- 1.1) Next, You will be directed to the Login page.

A screenshot of a login page titled 'RLV SaaS Login'. The page has a clean, white background. In the center, there is a white rectangular box with a thin gray border. Inside this box, the title 'RLV SaaS Login' is displayed in a bold, dark blue font. Below the title, there are two input fields. The first is labeled 'Usuario' and the second is labeled 'Contraseña'. Both labels are in a dark gray font. The input fields are white with a light gray border. Below the 'Contraseña' field, there is a dark blue button with the word 'Login' in white text.

1.2) Next, you will be required to enter your user and password. For example;

✚ User Name; Ecruz

✚ Password; Ecruz_54\$

A login form titled "RLV SaaS Login" with a white background and a subtle shadow. It contains two input fields: "Usuario" with the text "Ecruz" and "Contraseña" with masked characters ".....". Below the fields is a dark grey "Login" button. A large, light grey watermark "ECRUZ" is visible in the background.

1.3) After that, you will be required to click on the Login button to access the system.

Set up

2.1) Now, you will be directed to the General Setup section, where you can create and manage user roles for the system.

The screenshot shows the 'Set Up General' page in the RLV system. The page has a dark sidebar on the left with navigation links: RLV, Dashboard, Streets, Residents, Directory, Audit, Active Users, Users, and Set up. The main content area is titled 'Set Up General' and 'Manage Roles'. It contains a table with the following data:

Name	Description	Status	Created	Actions
SYS	SysAdmin	A	2026-06-08 00:51:49	Edit Delete
ADM	Administrador	A	2026-06-08 00:51:49	Edit Delete
GUA	Guardia	A	2026-06-08 00:51:49	Edit Delete

A 'Create Role' button is located in the top right corner. The user is logged in as 'SysAdm' and the role is 'SYS'.

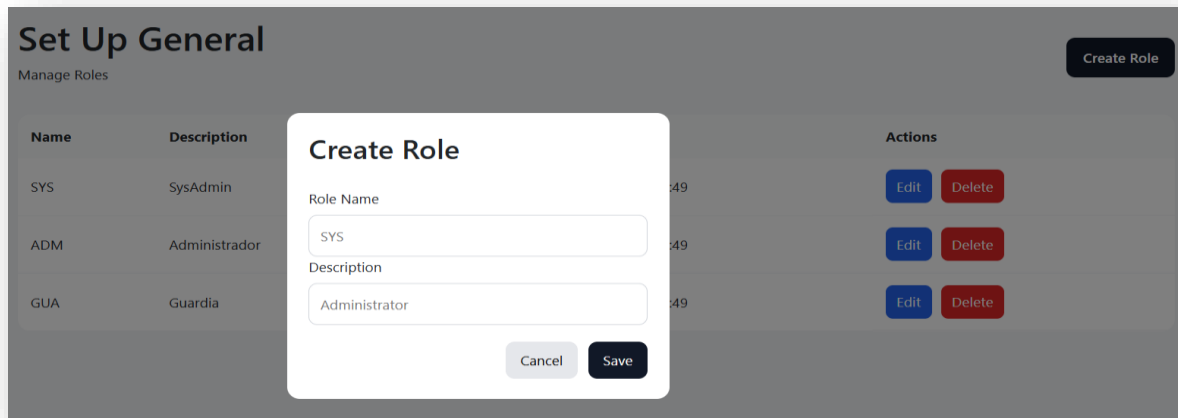

2.1) Then, you need to click on the Edit button to update a Role Name or Description. Finally, you have to click on save button.

The screenshot shows the 'General Condigurations' page with the 'Edit Role' modal open. The modal has the following fields and buttons:

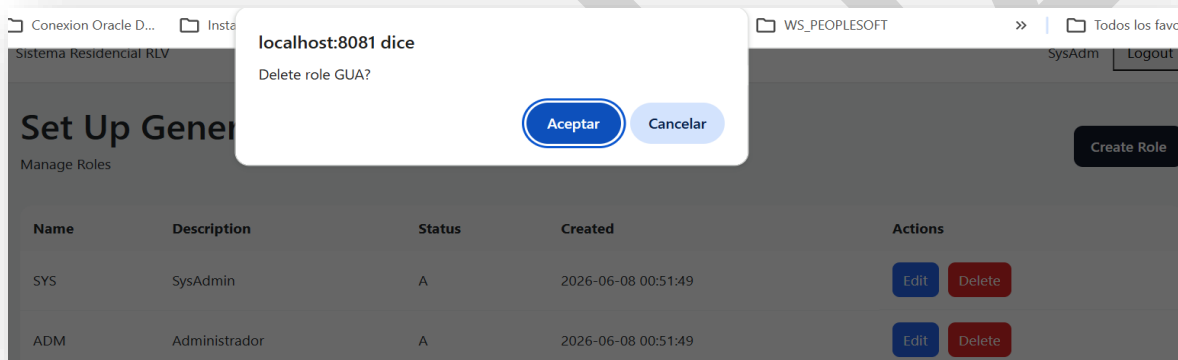

- Role Name:** Input field containing 'SYS'.
- Description:** Input field containing 'SysAdmin'.
- Buttons:** 'Cancel' and 'Save' buttons at the bottom.

The background shows the same table of roles as the previous screenshot, but it is dimmed.

2.3) However, If you have to create a new role, you will be required to click on the Create Role button and provide the role name and description.

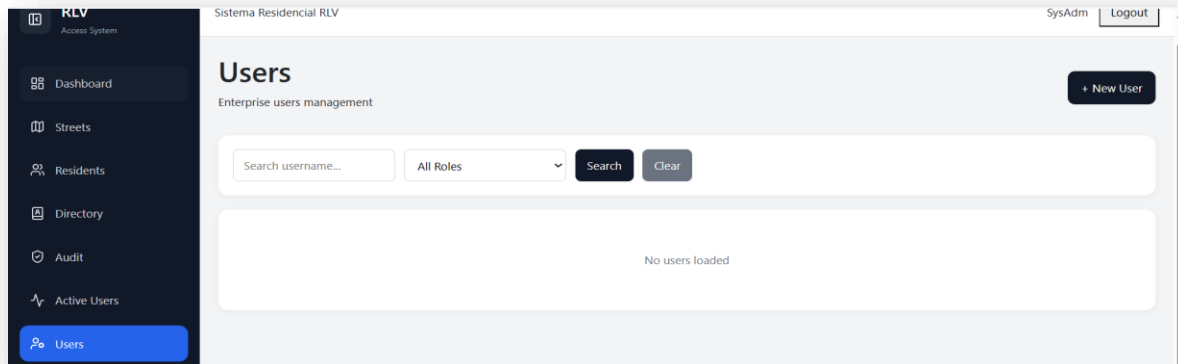

2.4) In addition, If you need to delete a role, you will be required to click on the Delete button.

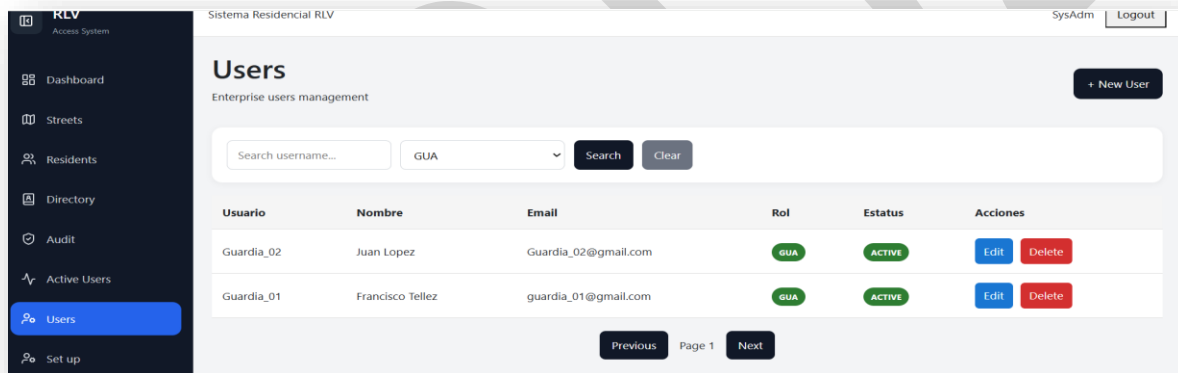

Users

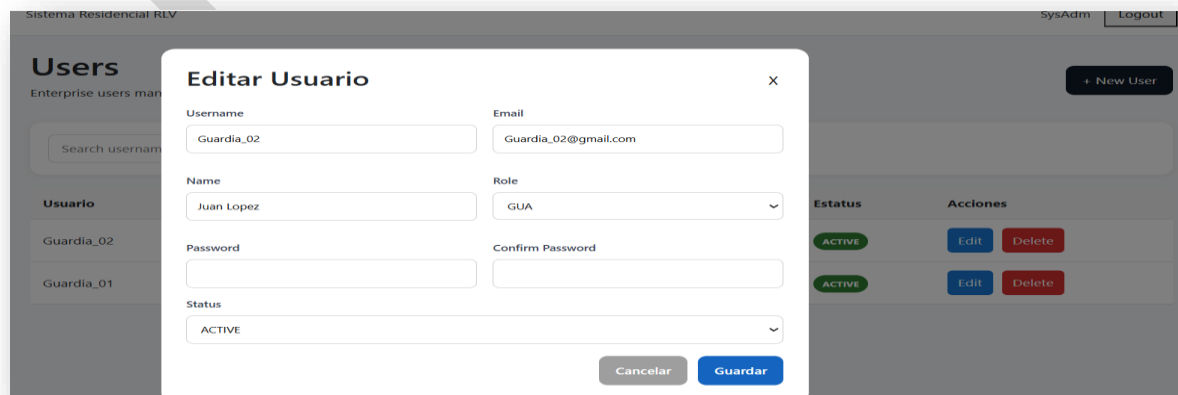

3) Next, you will be directed to the following page to manage your Users.

3.1) Therefore, if you need to locate a specific user, you will be required to search by username or user type, and then click on the Search button.

3.2) If you need to modify a user, you will be required to click on the Edit button and update the corresponding data. Finally, you must click on the Save button.

3.3) If you press the New User button, you will be permitted a new user within the system.

The screenshot shows a modal window titled "Nuevo Usuario" (New User) with a close button (X) in the top right corner. The form contains the following fields:

- Username**: Text input field.
- Email**: Text input field.
- Name**: Text input field.
- Role**: Dropdown menu with "GUA" selected.
- Password**: Text input field.
- Confirm Password**: Text input field.
- Status**: Dropdown menu with "ACTIVE" selected.

Below the form, there is a red error message: "Usuario requerido" (User required). At the bottom of the modal, there are two buttons: "Cancelar" (Cancel) and "Guardar" (Save).

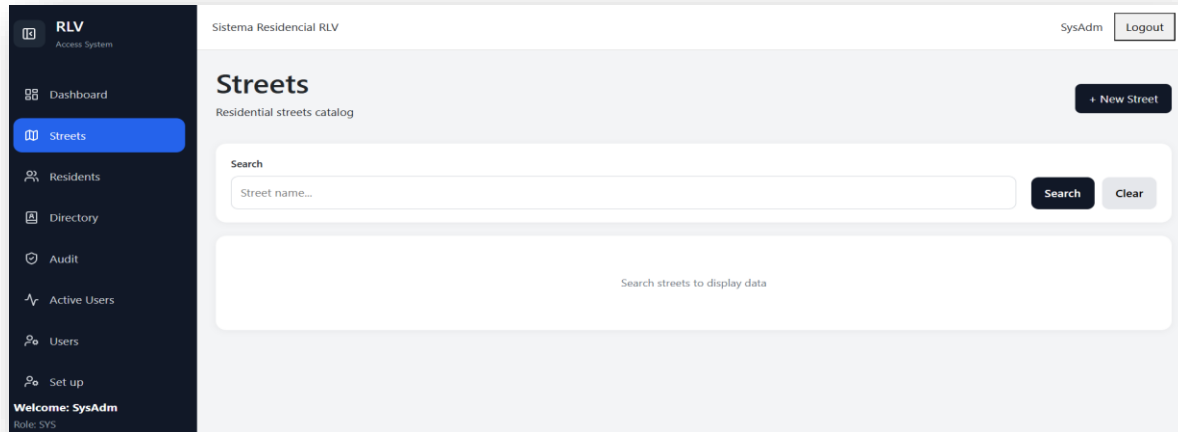

In the background, the "Users" management interface is visible, showing a table with columns: "Usuario", "Nombre", "Email", "Rol", "Estatus", and "Acciones". The table lists two users: "Guardia_02" (Juan Lopez, Guardia_02@gmail.com, GUA, ACTIVE) and "Guardia_01" (Francisco Tellez, guardia_01@gmail.com, GUA, ACTIVE). Each user has "Edit" and "Delete" buttons in the "Acciones" column.

3.4) If you require to delete a user, you will have to press the Delete button.

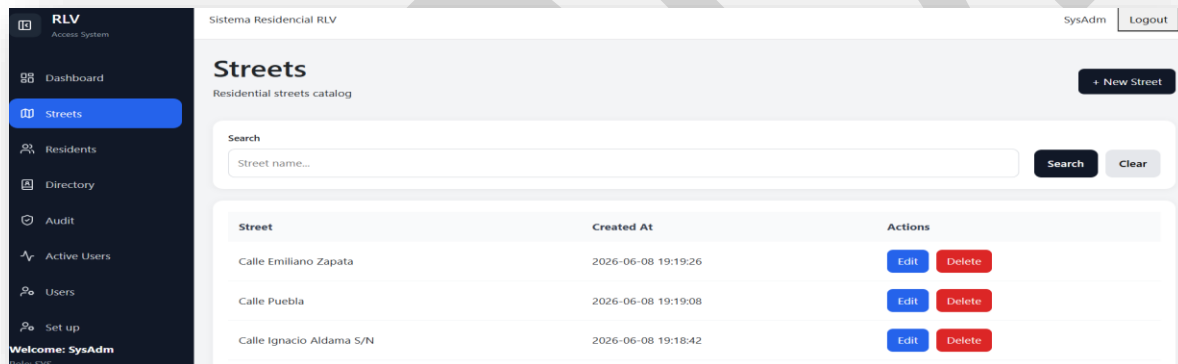

The screenshot shows a confirmation dialog box titled "Delete Guardia_02?". The dialog has two buttons: "Aceptar" (Accept) and "Cancelar" (Cancel). The background shows the "Users" management interface with the same table as in the previous screenshot. The "Delete" button for "Guardia_02" has been pressed, triggering this dialog.

Streets

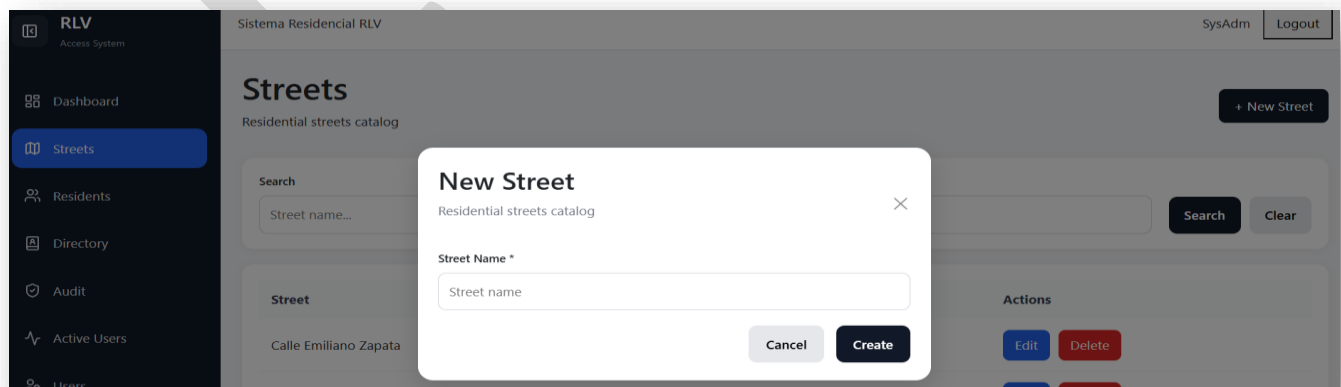

4.1) In the Streets page, you can manage your streets.

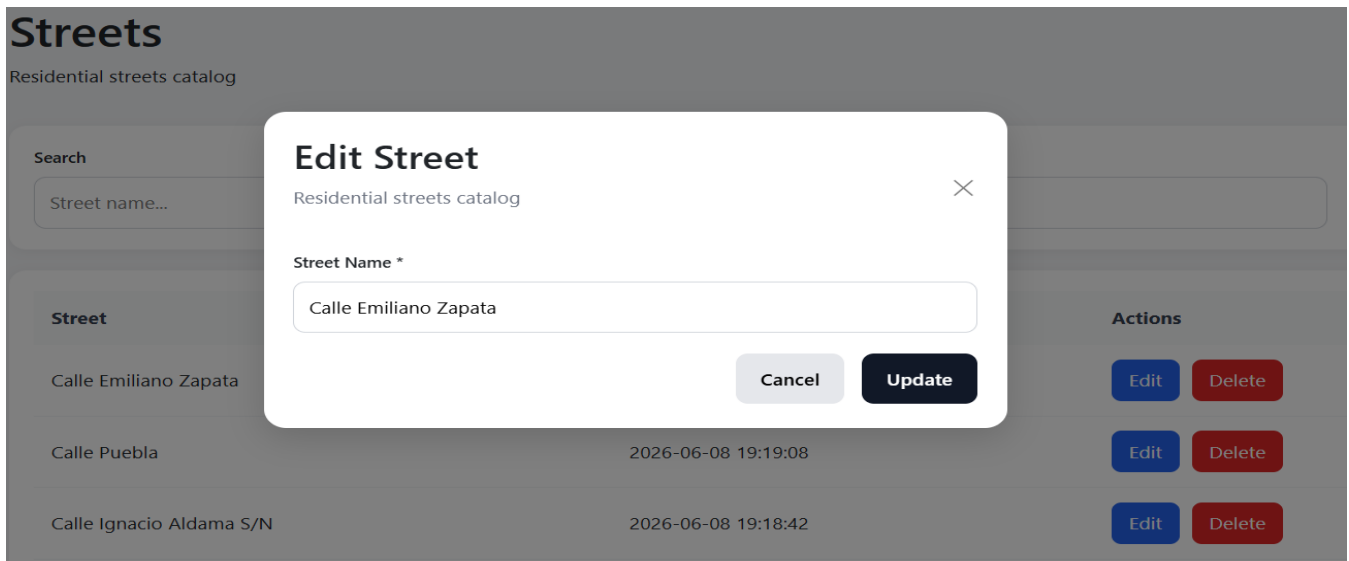

4.2) You will be able to look up streets. Then, you need to enter the name of the street and click on the Search button.

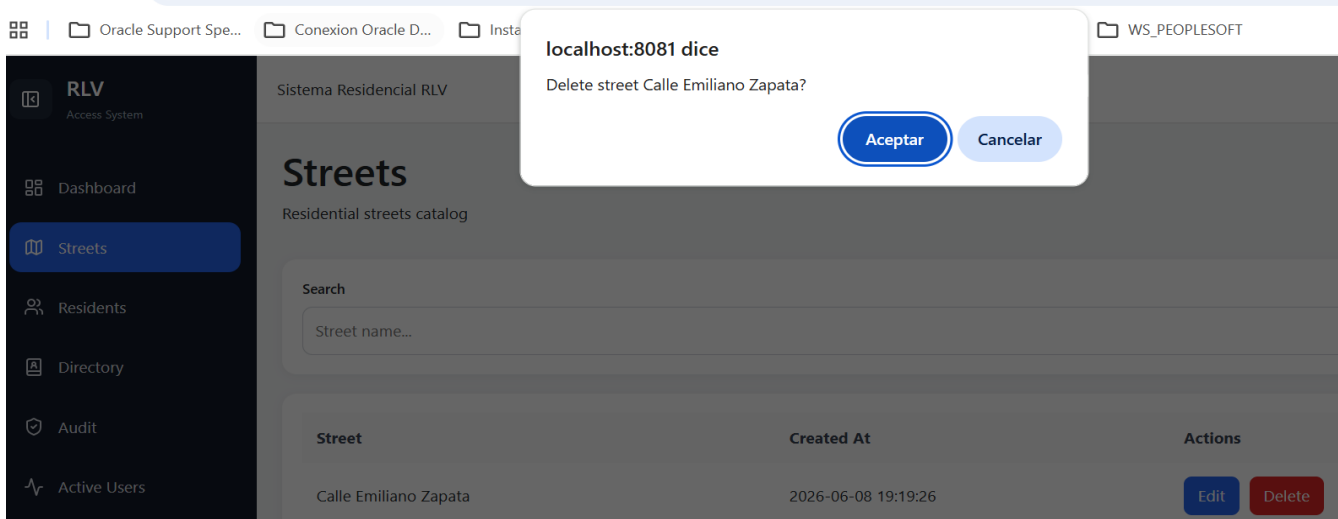

4.3) Moreover, you can create new streets, you will be required to press the New Street button and enter the street name.

4.4) If you need to modify a street, you will be required to click on the Edit button and enter the new street name.

4.5) Finally, you will be permitted to delete streets after pressing the Delete button.

Residents

5.1) In the Residents page, you will be able to manage the resident's personal data.

- Block**: A text input field containing "2".
- Phone 1**: A text input field containing "5598346732".
- Phone 2**: A text input field containing "6655448877".
- Phone 3**: An empty text input field.
- Email**: An empty text input field.

On the right side of the modal, there is a "Search" button and a list of "Actions" with "Edit" and "Delete" buttons repeated three times.

5.4) Finally, Another feature that you can make within RLV system, Residents delete, when you press the Delete button.

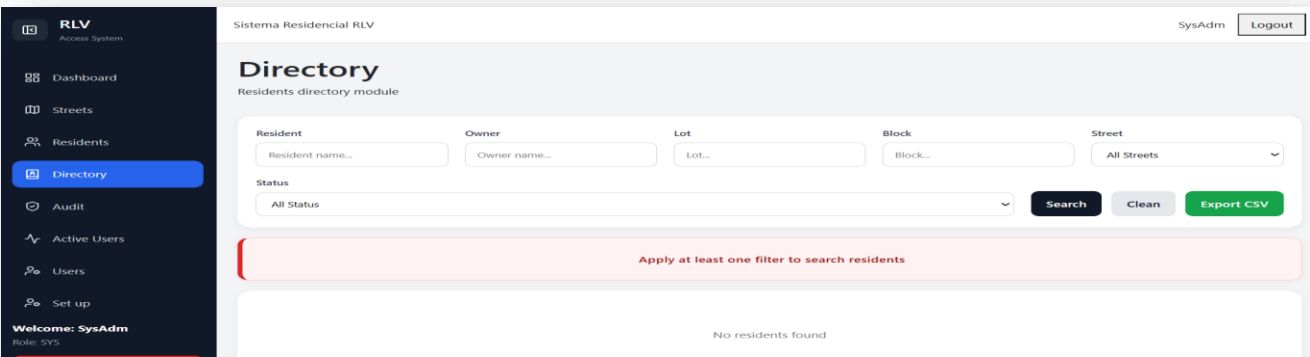

The screenshot shows the RLV system interface with a sidebar menu on the left containing "RLV", "Dashboard", "Streets", "Residents", "Directory", "Audit", and "Active Users". The main content area is titled "Residents" and "Residential administration module". It features search filters for "Resident Name", "Owner Name", "Street", and "Status", along with a "Search" button. Below the filters is a table of residents:

Resident	Street	House	Status	Phone	Actions
Alejandro Perez Sanchez Alejandro Perez Sanchez	Calle Ignacio Aldama S/N	TER	ACTIVE	5598346732	Edit Delete

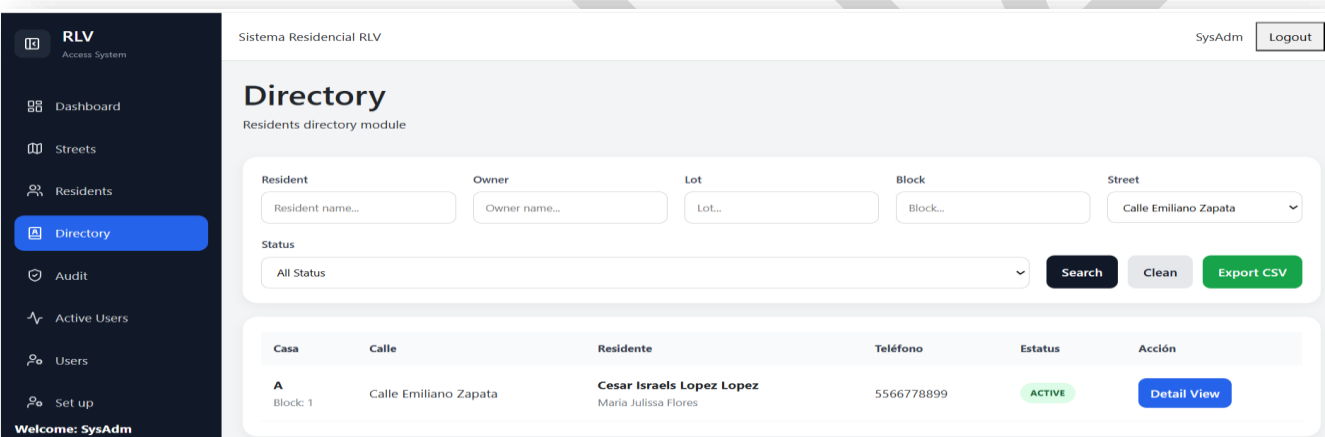

A confirmation dialog box is overlaid on the interface, titled "localhost:8081 dice" with the message "Delete resident Alejandro Perez Sanchez?". It has two buttons: "Aceptar" (Accept) and "Cancelar" (Cancel).

Directory

6.1) In the Directory module, you can see residents' data and export a csv report.

6.1) If you need to search a resident, you will be able to choose the filters and click on the Search button.

6.2) In addition, you can see with more detail information about a resident, then you need to press the Views Details button.

6.3) If you need to export a CSV report, you will be able to download the file by clicking on the Export CSV button.

Audit

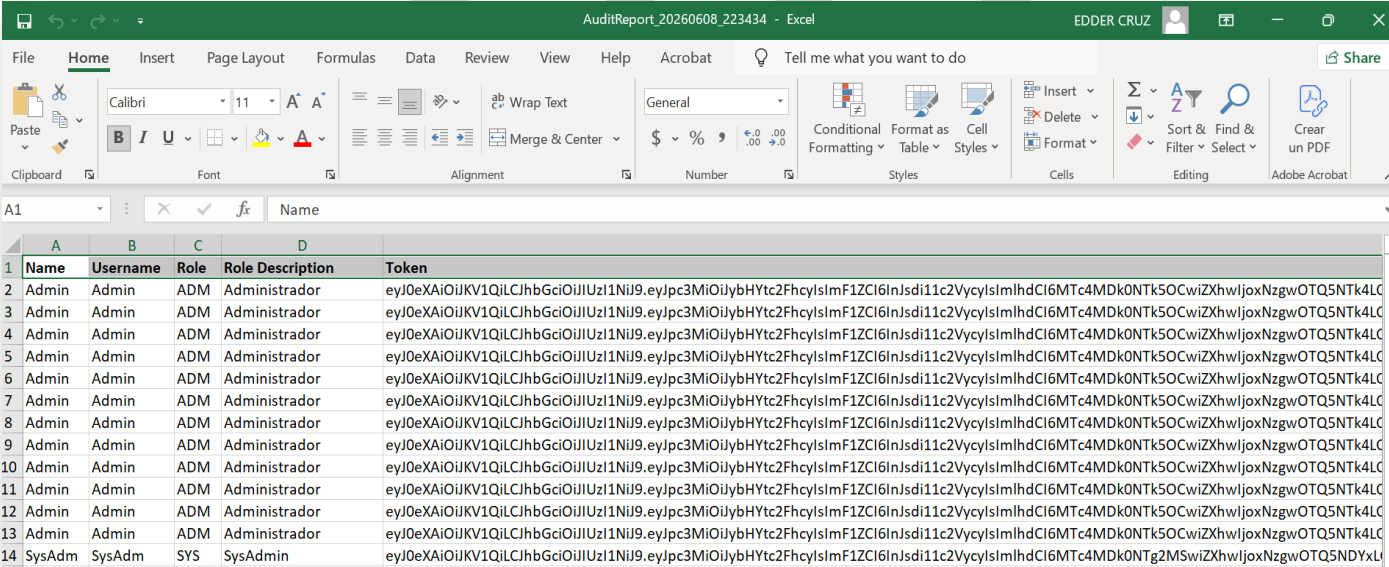

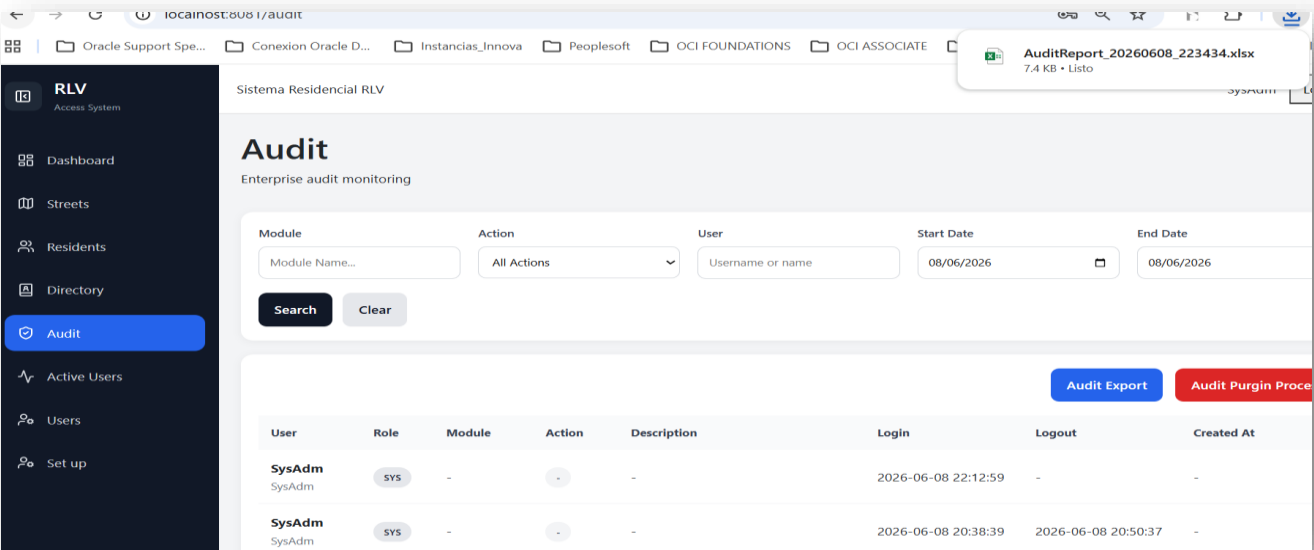

7.1) In the Audit module, you will be able to review specific system details, such as tracking which users accessed the RLV system and identifying the actions performed (Create, Modify, or Delete). Additionally, you will have the option to export the Audit report. Most importantly, you will be permitted to purge the system logs.

7.1) Then, you will be able to filter and audit user activity by Module, Action, User, or Date ranges, depending on the specific information you need to review. After that you choose the filters for look up you have to click on the Search button.

7.2) If you need to generate an Audit report, you will be able to download it immediately after pressing the Audit Report button.

Users Activity

8.1) One of the most important features that RLV-SaaS includes is User Activity. This feature functions similarly to platforms like Instagram or Facebook, allowing you to see which users are currently online along with the total number of sessions they have initiated throughout the day.
